Our store is a busy working environment and there is a risk of cross-contamination between toppings. If you have an allergy or are a strict vegetarian please inform us before you place your order. We do not use nuts in our pizzas, desserts or sides but some ingredients have been produced in factories that handle nuts. We do not have a dedicated preparation or cooking area in our store for vegetarian food. Although great care is taken to remove all bones from meat products and all stones from olives, some may remain.
